

In this amendment, claim 6 is cancelled without prejudice and claim 1 is amended. Support for the amendment can be found in the specification and original claims. For example, Kex 2 enzymatic activity is disclosed at page 2, lines 23-26. No new matter is added. Accordingly, claims 1-5 and 7-10 are pending and at issue.

It is believed that the claims are in condition for allowance, and a determination to that effect is earnestly solicited.

Respectfully submitted,

Date: February 15, 2002
